

ATF POWER ECOMAT

Automatic transmission fluid

ATF POWER ECOMAT is a high performance fully synthetic fuel economy automatic transmission fluid specially designed for long drain 6-speeds transmission for city buses. **ATF POWER ECOMAT** is recommended to use for ZF Ecomat- and ZF Ecolife transmissions.

ATF POWER ECOMAT is formulated on high refined 100% synthetic base stock in combination with an unique additive package to reach the following properties.

- Lower service cost through increased oil change interval.
- High level of anti-wear protection.
- Extended thermal- and oxidation stability.
- Limited viscosity increase.
- Prevents acid formation and soft metal corrosion.
- Friction durability leading to good shift performance and drivability even at end of drain interval.
- Avoid sludge formation that could lead to sluggish transmission operation.

ATF POWER ECOMAT meets the following performance criteria:
