

ATF POWER DX III

Automatic transmission fluid

ATF POWER DX III is a high quality universal fluid to be used in automatic transmission, torque convertors and power steering of passenger cars, light vans and commercial vehicles.

ATF POWER DX III is formulated on high refined solvent mineral and synthetic base stock in combination with an unique additive package to reach the following properties.

- Excellent thermal- and oxidation stability.
- Special friction modifiers.
- Very High Viscosity Index.
- Low pour point.
- Excellent shifting at very low and high temperatures.
- Excellent protection against the forming corrosion, foam and wear.

ATF POWER DX III meets the following performance criteria where the following specifications are asked:
