

## INDUSTRIAL GEAR POWER 220

### Industrial Gear Oil

**INDUSTRIAL GEAR POWER 220** is a high performance extreme pressure gear oil which is developed for lubrication of heavy duty industrial gears working under severe operating conditions.

**INDUSTRIAL GEAR POWER 220** is based on high quality virgin mineral base oil in combination with an unique additive package to ensure the following properties:

- Excellent load carrying capability protects gears against scuffing and wear and offers long equipment life and reduced maintenance costs.
- High thermo-oxidative stability helps resist deposit formation, provides enhanced system cleanliness and enables longer service intervals.
- Provides effective rust and corrosion protection to all gearbox components.
- Excellent demulsibility property enables trouble-free operation in conditions encountering water/moisture.

**INDUSTRIAL GEAR POWER 220** meets the following performance criteria:

DIN 51517-3 CLP
