

SNOWMOBILE POWER 4T 0W-40

Fully Synthetic 4-Stroke Snowmobile Oil

SNOWMOBILE POWER 4T 0W-40 is a high performance 4-stroke gasoline engine oil developed specifically to meet the special requirements of latest high performance air cooled 4-stroke snowmobiles. It provides excellent protection to engine, gearbox and wet clutch used in 4-stroke snowmobiles and ensures highest degree of reliability even under severe operating conditions and temperatures.

SNOWMOBILE POWER 4T 0W-40 is based on 100% synthetic Poly Alpha Olefin (PAO) base stock in combination with a special selected additive package to obtain the following properties:

- Outstanding thermo-oxidative stability.
- Exceptional antiwear, antirust and anticorrosion properties.
- Controlled frictional properties eliminate clutch slippage.
- Increased power/ fuel economy and improves drivability.
- Excellent dispersancy and detergency properties.
- Excellent shear stability maintains viscosity under high temperature-high shear environment and provides improved wear protection.
- Outstanding low temperature properties enable easy starting at low ambient temperatures and ensure effective lubrication and wear protection at start up.
- Low volatility characteristics reduce oil consumption and hydrocarbon pollution.

SNOWMOBILE POWER 4T 0W-40 meets the following performance criteria:
